WHY CHOOSE A GRYPHON GARAGE DOOR

-
1. Gryphon Garage Doors are an Australian owned longstanding and reputable garage door supplier.
 2. Gryphon Garage Doors uses only BlueScope Colorbond Steel for all sectional garage doors and ensures the steel on your door is from BHP and **0.6mm gauge**.
 3. We recommend that you purchase a sectional door with finger proof panels as **safety is paramount**.
 4. Gryphon Garage Doors only use high quality steel hinges that are quiet, efficient and come with a **lifetime warranty**
 5. All Gryphon Garage Doors tradesmen and installers are fully trained by Gryphon Garage Doors. Other suppliers may use transient installers.
 6. When you purchase a Gryphon Garage Door we recommend you undertake a regular maintenance regime at least every 18 months by a qualified Gryphon Garage Door technician. Notwithstanding the above if you do not get your door serviced within the first 18 months, and at least every 2 years going forward, your warranty may be voided.
 7. The Gryphon Garage Doors Superlift Belt Drive Motor is protected inside a C-rail for added safety. And comes with a **10 year Warranty**. The first 5 years includes no call out fees or labour charges. The second 5 years call out fees will apply. The warranty does not cover fuses, globes and handsets.
 8. Gryphon Garage Doors are able to deliver your door on time and are able to provide immediate service if required.
 9. At Gryphon Garage Doors we also supply a wide range of windows for your garage door to enhance the look of your home. These are fitted into the door using plastic frame windows.
 10. At Gryphon Garage Doors we offer excellent after sales service. Dedicated service advisors and managers are able to respond immediately to queries. Please phone **1300 959 554 for any service related enquiries**.

At Gryphon Garage Doors we feel customer satisfaction is of the utmost importance. Repeat business and client recommendation is one of the main reasons our company has maintained its position as one of the biggest garage door companies in Australia.

Please feel free to contact our National Sales Manager at sales@gryphongaragedoors.com.au if you have any queries.

QUALITY IS FOREVER WHEN PRICE HAS LONG BEEN FORGOTTEN
